

SeneGence®

Miss USA 2021, Elle Smith

SeneGence® was founded on the idea to offer superior products and an opportunity for women to be independent and successful in business, regardless of age, background, or education.

I started with a vision to provide products and a career that really works. Once I discovered a long-lasting liquid lip colour unlike anything I had seen before, I knew I needed to share it with the world.

In 1999, SeneGence exploded into the marketplace with LipSense®, and quickly rose in popularity as the creator of The Original Long-Lasting Lip Color® - this was the beginning of an entire line of long-lasting cosmetics and revolutionary anti-aging skincare products.

When the chance to become the premier cosmetics line used by the Miss USA organization arose, I knew this was a perfect match. The last year has brought exciting opportunities for SeneGence cosmetics to grace the beautiful faces of Miss and Teen USA titleholders. We have partnered with the crowned Miss USA 2021, the entire Miss USA organization, and the non-profits they are aligned with to support each other's visions.

I hope you will enjoy learning more about SeneGence and each of our unique products that I stand behind 100% in the pages of this book. Our daily mission is to support hundreds of thousands of successful careers and satisfy Customers globally in its commitment to using the most advanced ingredients in making skin more beautiful.

The Science of SenePlex+[®]

All SeneGence SkinCare and Cosmetics contain SenePlex+, a kinetic enzyme that works to affect the way cells grow from the bottom layers of the skin to the top. SenePlex+ fights the signs of aging by supporting skin renewal.

Verified by an independent lab, clinical testing performed over an eight-week period on 20 female subjects 18-55 years of age confirmed Normal to Dry Evening Moisturizer with SenePlex+ is highly effective in increasing skin renewal.

Regular use results in remarkable improvements to skin, including skin smoothness increased by **45%**. Almost **33%** more individuals with sensitive skin were able to use SeneGence SkinCare without irritation.

Finding Your Undertone

Take a close look at the veins on the underside of your wrist.

Are your veins blue or purple? If so, then you are cool, and will look good in MakeSense® shades with pink or red undertones.

Are your veins green or olive? If yes, you are warm, and will look great in MakeSense shades with yellow undertones.

An alternative way to find your undertone is by taking a picture in both a cool-colored shirt (such as gray), and a warm-colored shirt (such as yellow). Whichever you feel you look the best in is likely your undertone.

Can't tell? Then you are neutral.

How to Apply

Apply to clean, dry lips. For a defined look, line with LinerSense® first. With lips parted, apply LipSense® in one direction, beginning with outside corner of the mouth. Spread colour in a fluid, sweeping motion across lips to opposite corner (do not move applicator back and forth).

Apply three layers for long-lasting results, letting colour dry in between each layer. Finish with LipSense Gloss to maintain lasting colour and moist lips.

For proper use, purchase your LipSense in a collection which includes a colour, gloss, and Ooops!™ Remover.
